Families with children age four through grade six will learn tools of connection and balance through song, story, and creative activities

The Earth Wisdom Family Camp is an opportunity to learn family-friendly ways of practicing living in harmony on the Earth. Campers will explore the role of the human in Sacred Life through outdoor activities. We will reconnect to the natural world and build new friendships. Our weekend's relaxed rhythm will allow your family to move with comfort and ease. Earth Wisdom Family Camp is the perfect setting for Moms, Dads, and Grandparents yearning for a meaningful family get-away. The north woods campus of Potter's Farm in Washburn, WI begs you to dissolve tension and recognize beauty.
